A Bride for Anna's Papa Mar 21 2020 It's 1907 on Minnesota's Iron Range and the death of 13-year-old Anna Kallio's mother means that the girl must leave school in order to keep house for her father and younger brother. The family's hardships multiply with a miners' strike and the fear that Anna's father, a blacksmith, won't be able to find work. Frustrated by a life of grown-up concerns, Anna and her brother conspire to find a wife for their father so that Anna can return to school - even if that means attempting a match with a mail-order bride from Finland. But the results of their efforts are different from anything they expected, and when Anna's father begins showing interest in her teacher, the girl finds herself torn by the realization that another woman may try to fill her mother's place. Vivid descriptions of family holidays and customs capture the Kallios' colorful Finnish heritage in this inspiring story of one girl's attempts to balance her dreams with her responsibilities.

The Silenced Feb 24 2023 Marena struggles to remember the past: a time before the Zero Tolerance Party murdered her mother and put her father under house arrest. A time before they installed listening devices in every home and outlawed writing. A time when she was free. But it feels like the only thing the new, repressive government wants is to have Marena forget. When the Minister of Education, Helmsley Greengritch, cracks down on Marena's youth training facility, she knows she has to fight back. In the spirit of her revolutionary

mother, she forms her own resistance group--the White Rose. With nothing but words and a hunger for freedom, Marena fights for what she knows is right, only to discover the ZT Party's horrifying plans for the country. A thrilling story of resistance and the power of art, *The Silenced* draws upon the true story of Sophie Scholl and the White Rose group's resistance to the Nazi party.

Hard Times for Jake Smith Oct 08 2021 It's 1935 and from a child's eye view, the hard times of the Depression era are becoming more and more real. Each day, coming home from school, there is something else missing. First the sow pig, then the cow, then the truck. On one wrenching day the beloved hunting dog is sold. Finally the whole family packs up in the car and leaves--the children wonder where, but their parents are silent. Suddenly, the car stops at the edge of the road and Mother leans into the back seat, giving Mary Jake a handkerchief with something tied inside and the instructions to walk down the path into the forest, take the LEFT fork into town, and present the handkerchief at the stone house. So begins the adventure of a girl who chooses her own in path (neither left fork nor right), dyes herself in a stump full of walnut-colored water and disguises herself as a boy. "Jake" Smith soon meets Miz Bennett and hires on to help with her garden and animals. In this rags-to-riches story, rich with descriptions of Alabama during the Depression a strong female character copes with abandonment with courage and resilience.

Perfect Mar 13 2022 Depicting with humor and insight the pressure to be outwardly perfect, this novel for ages 10-13 shows how one girl

develops compassion for her own and others' imperfections. For 13-year-old Isabelle Lee, whose father has recently died, everything's normal on the outside. Isabelle describes the scene at school with bemused accuracy--the self-important (but really not bad) English teacher, the boy that is constantly fixated on Ashley Barnum, the prettiest girl in class, and the dynamics of the lunchroom, where tables are turf in a all-eyes-open awareness of everybody's relative social position. But everything is not normal, really. Since the death of her father, Isabelle's family has only functioned on the surface. Her mother, who used to take care of herself, now wears only lumpy, ill-fitting clothes, cries all night, and has taken every picture of her dead husband and put them under her bed. Isabelle tries to make light of this, but the underlying tension is expressed in overeating and then binging. As the novel opens, Isabelle's little sister, April, has told their mother about Isabelle's problem. Isabelle is enrolled in group therapy. Who should show up there, too, but Ashley Barnum, the prettiest, most together girl in class.

[The Book of My Life](#) Aug 26 2020 A bright star of the Italian Renaissance, Girolamo Cardano was an internationally-sought-after astrologer, physician, and natural philosopher, a creator of modern algebra, and the inventor of the universal joint. Condemned by the Inquisition to house arrest in his old age, Cardano wrote *The Book of My Life*, an unvarnished and often outrageous account of his character and conduct. Whether discussing his sex life or his diet, the plots of academic rivals or meetings with supernatural beings, or his deep sorrow when his beloved son was executed for murder, Cardano displays the same unbounded curiosity that made him a scientific pioneer. At once picaresque adventure and campus comedy, curriculum vitae, and last will, *The Book of My Life* is an extraordinary Renaissance self-portrait—a book to set beside Montaigne's *Essays* and Benvenuto Cellini's *Autobiography*.

Rectal Cancer Treatment Jun 16 2022 Rectal cancer is one of the most prevalent cancers world-wide. It is also a paradigm for multimodal management, as the combination of surgery, chemotherapy and radiotherapy is often necessary to achieve the optimal outcome. This monograph summarizes this meeting and gives an extensive overview of the current concepts in management of rectal cancer.

Blue Dec 22 2022 Morgan is bored with his life. Nothing exciting ever happens in his house. He can calculate his parents' daily routine to the exact minute. He feels old before his time, with

nothing to look forward to but more boredom. Then one dreary Sunday, Morgan has a vision of a magnificent fish, a leaping marlin wild in the sea, a creature so free that it would rather die than be tamed. The dream (if dream it is) is so vivid, Morgan feels a shocking rush of strength and speed racing through his veins, smells the salt air, and tastes the electricity of an impending ocean storm. For one brief exhilarating moment, sitting in a cramped apartment on a city block where every building looks exactly like the next, Morgan is that marlin, and from that moment on, he begins to change. A comic Metamorphosis for kids, this poignant, gently humorous, and highly original tale by actor, playwright, and first-time novelist James DeVita is a tender testament to following one's heart. Through a series of miraculous and sometimes ridiculous events, Morgan comes to understand that he has the power to be whatever he wants to be -- even a fish -- as long as he believes in himself.

Cultural Techniques Jun 04 2021 In a crucial shift within posthumanistic media studies, Bernhard Siegert dissolves the concept of media into a network of operations that reproduce, displace, process, and reflect the distinctions fundamental for a given culture. *Cultural Techniques* aims to forget our traditional understanding of media so as to redefine the concept through something more fundamental than the empiricist study of a medium's individual or collective uses or of its cultural semantics or aesthetics. Rather, Siegert seeks to relocate media and culture on a level where the distinctions between object and performance, matter and form, human and nonhuman, sign and channel, the symbolic and the real are still in the process of becoming. The result is to turn ontology into a domain of all that is meant in German by the word *Kultur*. *Cultural Techniques* comprise not only self-referential symbolic practices like reading, writing, counting, or image-making. The analysis of artifacts as cultural techniques emphasizes their ontological status as "in-betweens," shifting from first-order to second-order techniques, from the technical to the artistic, from object to sign, from the natural to the cultural, from the operational to the representational. *Cultural Techniques* ranges from seafaring, drafting, and eating to

the production of the sign-signal distinction in old and new media, to the reproduction of anthropological difference, to the study of trompe-l'oeils, grids, registers, and doors. Throughout, Siegert addresses fundamental questions of how ontological distinctions can be replaced by chains of operations that process those alleged ontological distinctions within the ontic. Grounding posthumanist theory both historically and technically, this book opens up a crucial dialogue between new German media theory and American postcybernetic discourses.

The Ocean Within Jan 31 2021 Elizabeth, struggling with the knowledge that she is adopted, has trouble accepting the welcome offered by her new family, the Sheridans, and the drama comes to a head during a visit to Grandma's house at the beach. **Simultaneous.** **Parents Wanted** Aug 06 2021 When 12-year-old Andy meets Laurie and Jeff at an adoption party, he has already been in eight foster homes. Andy's alcoholic mother has given him up to the state as too hard to handle, and his father is in jail. Andy longs for a loving home and parents he can trust, but his attention deficit disorder, combined with the legacy of his dysfunctional parents, causes him to constantly challenge authority. He steals, destroys property, gets in trouble at school, tries to make a gunpowder bomb, and accuses Jeff, his soon-to-be father, of touching him inappropriately. To make matters worse, Andy's real father shows up asking for money. But Andy's new parents refuse to give up on him, and Andy must fight to save his soon-to-be-father's reputation and his own chance at having a real family."

Printers without Borders Dec 18 2019 This innovative study shows how printing and translation transformed English literary culture in the Renaissance. Focusing on the century after Caxton brought the press to England in 1476, Coldiron illustrates the foundational place of foreign, especially French language, materials. The book reveals unexpected foreign connections between works as different as Caxton's first printed translations, several editions of *Book of the Courtier*, sixteenth-century multilingual poetry, and a royal Armada broadside. Demonstrating a new way of writing literary history beyond source-influence models, the author treats the patterns and processes of

translation and printing as co-transformations. This provocative book will interest scholars and advanced students of book history, translation studies, comparative literature and Renaissance literature.

David and Goliath Apr 02 2021 Why do underdogs succeed so much more than we expect? How do the weak outsmart the strong? In *David and Goliath* Malcolm Gladwell, no.1 bestselling author of *The Tipping Point*, *Blink*, *Outliers* and *What the Dog Saw*, takes us on a scintillating and surprising journey through the hidden dynamics that shape the balance of power between the small and the mighty. From the conflicts in Northern Ireland, through the tactics of civil rights leaders and the problem of privilege, Gladwell demonstrates how we misunderstand the true meaning of advantage and disadvantage. When does a traumatic childhood work in someone's favour? How can a disability leave someone better off? And do you really want your child to go to the best school he or she can get into? *David and Goliath* draws on the stories of remarkable underdogs, history, science, psychology and on Malcolm Gladwell's unparalleled ability to make the connections others miss. It's a brilliant, illuminating book that overturns conventional thinking about power and advantage. 'A global phenomenon... there is, it seems, no subject over which he cannot scatter some magic dust' Observer

Fifteen-year-old Eugenie de La Roque and her family have barely escaped the French Revolution with their lives. Along with several other noble families, they sail to America, where an area that would come to be known as French Azilum is being carved out of the rugged Pennsylvania wilderness. Hannah Kimbrell is a young Quaker who’s been chosen to help prepare French Azilum for the arrival of the aristocrats. In this wild place away from home, Eugenie and Hannah seem a mismatched pair—but find more in common than they first realize. With much to learn from each other, the girls unite to help free several slaves from their tyrannical French owner, a dangerous scheme that requires personal sacrifice in exchange for the slaves’ freedom. A story of friendship against all odds, *Waiting for the Queen* is a loving portrait of the values of a young America, and a reminder that true nobility is more than a royal title. “Based on the true story of a group of families who sought asylum in Pennsylvania, this title vividly captures the hardships faced by the teen and her parents as they adjust to a life without luxuries . . . Eugenie’s growth as she begins to understand what is really important to her is beautifully and convincingly portrayed.” —School Library Journal “The story shifts between Hannah and Eugenie’s well-developed and distinct perspectives, both of which strongly reflect their respective upbringings and cultures. A meticulously detailed work of historical fiction about the challenges of the new and unfamiliar, and about looking beyond oneself toward the greater good.” —Publishers Weekly
